

GREETINGS from OAKWOOD DAFFODILS:**MARCH 2016**

Welcome to Oakwood Daffodil's 33rd annual listing of Midwestern raised/bred and acclimatized daffodils. I have grown daffodils on a singular basis since 1971 and bred them on a regular basis since 1976. I can proudly state that I have the largest collection of Narcissus hybrids both in diversity and quantity, in the United States. I have tried to offer the American gardener and worldwide daffodil lovers the greatest chance of enjoying their favorite flowers. Midwestern daffodils will do better in most of the USA and better than those from other climates and countries. While emphasis is on Midwestern Daffodils, I am listing bulbs from Australia, New Zealand and the United Kingdom too.

My daffodil list is sent out by email; and snail mail, to those who require that service. Bulbs are essentially dug to order in late May and June, and then shipped in late September.

This last year has been hard for me as my wife lost her tragic battle to ALS (Lou Gehrig's Disease) in early February 2015. Multiple surgeries on my aging body ravaged by end stage diabetes, osteoarthritis and spinal disease have been traumatic and difficult. But I'm not giving up yet. I plan to return to work as a physician and continue on with the daffodils. Including selling bulbs to our customers and advancing their qualities thru through continued breeding.

Julie Martin has been my family care giver and still is for me, while providing most of the work on the daffodils. And helping provide rehab care on her oldest granddaughter Maci for her post surgery on an aggressive brain tumor. Without Julie there would not be an Oakwood Daffodils. Also for the many daffodils lovers giving their time, help and care with my daffodils. For the first time many bulbs from Peter Ramsay, Colin Crotty and the Mitsches will be offered. This trend will continue for the near future. I suggest you use the Hyper link to Daffseek to see photos of these other breeders flowers on line. It will be the best way to decide what you like the most.

New garden introductions from my breeding will be offered for the first time this year. Thru the years many beautiful, strong growing daffodils have resulted from my breeding efforts, and are being registered/released for their garden qualities for the first time, rather than show qualities.

Significant advances in many areas of color, form and size are being made at Oakwood. Last year's advances include a beautiful show quality 1 P-R and a deeply colored show quality 8 Y-R using my hybrid's exclusively as parents. I can't wait to share them with you!

Join us and savor out beauties. Help the daffodil world and the ADS grow stronger and show more of these attractive flowers. Please take note of the final dates for ordering bulbs as we try to stop digging by the end of June. Sorry no credit cards at this time. Orders are taken in sequence by date received. See you at the World's Daffodil Show in St. Louis this April 2016.

Best Wishes,

John Reed, D.O.
Julie Martin

OAKWOOD DAFFODILS

2330 W Bertrand Road, Niles Michigan U.S.A. 49120

TELEPHONE: (269) 684-3327 FAX: 269-684-0738 EMAIL: oakwooddaff@hughes.net

INSTRUCTIONS FOR ORDERING

1. All orders must be received by **July 1st, 2016** to be assured availability. **AFTER THAT DATE**, up until shipping has started, orders will be accepted and filled according to availability. You will receive an acknowledgment of your order as they are processed, either by e-mail or phone call if we have your e-mail address or phone number.
2. Please make checks payable to **OAKWOOD DAFFODILS**. We are sorry, but due to rising costs of credit card processing, we are unable to take any credit cards.
3. Bulbs will be shipped via USPS unless otherwise specified, so please include your **COMPLETE** shipping address. We are basing our shipping charges on the cost of the USPS medium flat-rate box. This has been our most common box size over the last few years. As usual, we always give gratis bulbs with your orders. For those smaller orders, we will give additional free bulbs to compensate for the additional shipping charge. If you have any concerns or problems with this please let us know. This is being done to simplify the shipping expenses to you. Overseas shipping will be billed at cost, plus the phytosanitary certificate and inspection fees.
4. Bulb shipments will hopefully be finished by the third week of September; sooner, if possible. Please specify if you require a particular shipping date and we will do our best to accommodate.
5. Visitors are welcome, but please make arrangements in advance to avoid disappointment due to variation in blooming or unfavorable weather.

TELEPHONE: (269) 684-3327 FAX: 269-684-0738 EMAIL: oakwooddaff@hughes.net

6. You will receive information about planting and care for your bulbs with your order. Please note that they should be in a location that receives natural rainfall and that does not puddle!
7. The format used in this catalog lists the daffodil's registered name first. This is followed by its classification and color code, then its hybridizer and country of origin. After the description, the pedigree (seed parent x pollen parent) is listed, then its flowering time, and then the price for each bulb.
8. As a professional courtesy to our dear colleague, we include in our listing a special list of bulbs offered by Larry Wier; you can find it at the end of this list. Larry personally oversees the growing, packaging, and posting of his own bulbs. Please send your order and payment, and any questions, directly to Larry via his contact information included on his order form. Thank you.

ICE CAPADES 1W-W (Dr. John Reed, USA)

In keeping up with the Havens Daffodils catalog that has a garden daffodils section, I felt it was time for me to finally do this too. Over the years some daffodils do so well except not having ultra-perfect show blooms. Combining the best qualities of their parents but so not well formed or smooth enough for show. Their blooms are VERY white, floriferous, and healthy with great bulb increase. Quite a sight in the garden. A modern day division one Ice Capades but with a much whiter flower and a trumpet shaped corona. Was Reed 94-129-1

Rhapsody x Chaste **Early** **\$ 8.00**

LEMON CREEK 3W-GGY (Dr. John Reed, USA)

Named for a local winery in SW Michigan. This intermediate is a very striking departure from the usual blooms. The round wide petals color up to a light yellow in contrast to the small intensely colored cup with its deep bright green center and really deep golden yellow outer corona. Unusual and a very high quality show bloom. Excellent poise, strong stems and a good grower so far. Stock is still small. Was Reed 98-125-2013

Irish Mint x 85-26-1 (Angel x Misty Glen) **Late Season** **\$ 36.00**

LOVER BOY 3W-Y 3W-Y (Dr. John Reed, USA)

A Really beautifully colored and shaped exhibition bloom. The cup is very round and a bright yellow. Stems are strong and support smooth blooms. They have nicely overlapping petals. Named to honor my deceased cocker spaniel. Healthy grower. Was seedling 2001-55-1.

Green Hills x 91-85-1 (Yum-Yum x Dunley Hall) **Late Season** **\$ 24.00**

OH CINDY! 2Y-P (Dr. John Reed, USA)

A.D.S member Cindy Haeffner was smitten by this vigorous intermediate bloom while still in the unselected seedling beds. Initially verging on miniature size the clump opened with very little color and the cup was somewhat "squatty" in form. By the afternoon the colors had changed to a very strong pink and now had an improved corona. The well formed petals were a pleasing light yellow. It had copious pollen and was fertile. A true intermediate with strong short stems but held high above the leaves. The blooms look at you. An amazing flower and very healthy so far. Was Reed seedling 2000-36-1.

Laporte x 2 Y-P seedling **Midseason** **\$ 24.00**

PETER 3W-P (Dr. John Reed, USA)

Well formed overlapping smooth white petals, rounded all in the same plane. Petals are slightly incurved. Strong stems with excellent poise. The corona is round and the color is a light reddish pink. Fertile both ways. Named to honor Peter Ramsay of New Zealand. Peter has been a long time daffodil friend. The best formed daffodil from its cross and used extensively in breeding. Was Reed 2000-21-1

Kerstin x Clouds Rest **Midseason** **\$ 30.00**

PINKIE LEE 2P-P (Dr. John Reed, USA)

A good addition to the scare class 2 P-P. Show quality, vigorous grower. Named for a child hood T.V actor from the early 1950's. Petals are well overlapping with a strong red- pinkish color, all held in the same plane on strong stems. Was Reed seedling 97-66-1.

86-31-1 (Decoy x Culmination) x Magician **Midseason** **\$ 32.00**

PINK PANDA 2P-P (Dr. John Reed, USA)

The second daffodil in the garden series. This can be shown but is so late in blooming that it is not useful for most people to show. The pink shading is also very dark. Very healthy and floriferous. It should be good breeder too. All the usual good attributes. Try it. You will probably like it. Was Reed 98-214-2009-1

Mowana x Pink Flush **Very Late** **\$ 28.00**

RED WINE 3W-R (Dr. John Reed USA)

Color is an intense red at the outer rim very decreasing to the center of the bloom. White petals overlap and are in same plane. Stems are strong with excellent poise and short necks. Fertile both ways. Nothing else like. Amazing. Was Reed 2002-143-1

Inner Glow x Harold's Cross **Late-Mid Season** **\$ 36.00**

END ZONE 2W-R (Dr. John Reed, USA)

Originally called Red Zone per my original description. While not registered it had been used two years ago by Steve Vininsky. As much as I wanted to use it I felt it was not fair to Steve. End Zone is after the Red Zone in football where a touch down is scored. Primarily for garden because the perianth just never makes a smooth enough showing. Colors are intense and the parentage is outstanding. Strong stems, excellent grower and increaser. This is relegated for the garden flower grouping. A long lasting bloom. Was Reed 98-2003-2009

Verran Rose x Magician **Midseason** **\$ 20.00**

RURAL KING 1Y-P (Dr. John Reed, USA)

Named for the farm store that I use all the time for daffodil related supplies. Not of the highest quality for smoothness like Coloma but large, vigorous and very intensely colored. A reddish pink trumpet. Very floriferous and a great increaser too. Was Reed 98-74-2

84-126-1 (Lorikeet x Memento) x 87-84-1 (Nanushka x Lorikeet)

Midseason \$ 24.00

RUSTY DOODLE 2O-O (Dr. John Reed, USA)

From a very prolific cross, the second to be named out of 900 seedlings. Not an intense orange to the perianth but a dull orange. The flower is very well formed and round with well overlapping petals. The corona is very circular and solid orange in color. Petals are in the same plane with strong stems displaying the blooms well. An excellent show flower. Named for my three year old Golden Doodle dog Rusty. Was Reed 98-1-2

Cowboy x Loch Lundie

Early Midseason \$ 36.00

SUDDEN IMPACT 3W-Y (Dr. John Reed, USA)

This is the best most dramatic show flower from division three that I have raised. Mistakenly listed as a division two when registered. When seen by Peter Ramsay at my farm it made such a "Sudden Impact" on him that he threw one of my flag makers at it declaring that he wanted that one! It was in the single bulb stage when he did this in 2009. There is now enough to list it. The very large flowers are of imposing proportions with wide spread overlapping petals and excellent smoothness. The corona is a true bowl shape cup rather than a flaring type seen on most division three daffodils. The colors are dramatically bright. Fertile both ways. Only a few to go this year. Was Reed 2003-100-1

97-32-3 (Dunley Hall x Three Oaks)

x 95-26-1 (Dunley Hall x Irish Affair)

Late Midseason \$ 80.00

WHITE COLLAR 1 W-YYW (Dr. John Reed, USA)

From a cross that has given many beautiful flowers. As the flowers age the distinct outer white rim develops on the long trumpet. An excellent show flower with respect to smoothness, petal overlap, and white petal colors, The long trumpet is held well with strong stems and an excellent poise. Was Reed 98-26-10 Registered 2011.

Three Oaks x Irish Affair

Mid-Season \$18.00

WHITE STORK 1W-W (Dr. John Reed, USA)

The long narrow trumpet made me think of a stork when I named it. Show quality with wide perianth segments overlapping well all in the same plane. The stems are tall, and strong displaying the flowers with an upward poise. The stems a light green, that I find pleasing. It can be shown and is a hit in the garden too. Distinctive, slower growing. Was Reed 85-81-1 Registered in 2003.

Pitchroy x Tradewind

Mid- Season \$18.00

GENERAL DAFFOIL LISTING 2016

AL LAUREYS 3Y-R (Dr. John Reed, USA)

This is the finest small cupped 3Y-R I have flowered. Of smaller size, the smooth flat perianth segments are positioned in the same plane with excellent poise. Named for Al a friend that helped me so much with the daffodils for 10 years. Al was always there when I needed him. Though of slight build his heart was huge and the best! Was Reed 92-106-1.

(Sabine Silk x Burning Bush ?)

Late Midseason \$ 16.00

ALL AMERICAN 2W-P

Withdrawn

AMERICAN DOLLAR 3W-W (Dr. John Reed, USA)

A stand-out that is almost perfectly round, small, and very white. I had been calling it Silver Dollar but that name was not available. A definite intermediate with massive, overlapping and smooth perianth segments that incurve. They are on strong stems that show a well formed show flower. A vigorous grower. Was Reed Seedling 98-125-4

[Irish Mint x 85-26-1 (Angel x Misty Glen)]

Late Season \$ 24.00

AMAZING GRACE 2W-P (B. S. Duncan, N. Ire, UK)

Withdrawn

AMBERGRIS CAYE 1YYG-Y

Withdrawn

AMERICAN COWBOY 2Y-R (Dr. John Reed, USA)

Peter Ramsay and I made this cross at about the same time. This is probably the best early well-formed and colored show flower that I selected from the cross. Held high with excellent poise and strong stems. The colors are quite intense. An improvement over both its parents. The photo I took can be seen on DaffSeek. Stock is still small. Was seedling 98-1-1.

(Cowboy x Loch Lundie) **Early season** **\$ 39.00**

AMERICAN GOLD 1Y-Y (Dr. John Reed, USA)

A tall, robust, smooth yellow trumpet that shouts out that it is the best. Named for the Gold Medals won by American athletes in the last Olympics. Outstanding poise, overlap, smoothness, color and size make it easy to identify in the field. Was Reed 93-1-23.

(Celtic Gold x Dream Prince) **Early Season** **\$ 12.00**

AMERICAN HERO 2W-R (Dr. John Reed, USA)

9-11 and since has shown us the patriotism that our fire, police, medics and military give to our country and us on a daily basis. This flower is a bold statement of appreciation for their sacrifices. A truly unique daffodil with tall stems, large flowers with a long corona of dramatic coloring and poise. It is marvelous to view in a well-grown clump. For show and Garden. (I wish it could flower on the Fourth of July, too). Simply breath-taking! Was Reed 89-50-1.

Culmination x Ruby Red **Late Midseason** **\$ 5.00**

AMERICAN IDOL 2W-R (Dr. John Reed, USA)

This is that most vigorous selection from the cross of Quasar and Culmination. It is very healthy, free flowering with large flowers that are displayed on tall strong stems. With its wide smooth flat perianth, it can be shown and is marvelous in the garden too, with its bright open red cup. Was Reed 93-10-4.

(Quasar x Culmination) **Early Midseason** **\$ 8.00**

AMERICAN POSSUM 3W-WPP (Dr. John Reed, USA)

This is the breeder for my best division 3W-PS and 3W-Rs. It is from the same cross as Harold Cross's "Possum". It has a bigger flower and more rounded form in its perianth and cup. It transmits that form and the cups are always a true division three. It has generated deep pinks and intense carmine-red cups. Alas, it is a slow grower but healthy. It was Reed Seedling 86-10-1.

(Kerstin x Cascade) **Late Midseason** **\$ 15.00**

AMERICAN REVOLUTION 2Y-R (Bill Pannill and Dr. John Reed, USA) **Withdrawn****AMERICAN SHOW GIRL 2W-P (Dr. John Reed, USA)**

A well-poised, tall, very smooth show flower. Considered my best show pink by many ADS Judges. Very healthy and a strong grower. Was Reed seedling 90-95-1.

(Fragrant Rose x Culmination) **Late Midseason** **\$ 10.00**

ARELEY KINGS 2W-GWW (J. S. B. Lea, ENG, UK)

An excellent tall white show flower with smooth, white wide petals and a long corona. It is vigorous and dependable here.

(Misty Glen x Croila) **Midseason** **\$ 4.00**

ASHTON WOLD 2W-W (John Pearson, ENG,UK)

Many show awards in the UK. Beautiful flowers here, with vigorous growth, and tall strong stems.

(Stoke Charity x Panache) **Midseason** **\$ 6.00**

AT LAST 2W-R (Dr. John Reed, USA)

This was the best selection from the crosses made from Fragrant Rose x Culmination. It was also the latest flowering and the slowest to increase here, hence the name. Bright red open cups show well against very white, wide, smooth, overlapping petals and the flowers face upwards. Fertile. A must for late shows. Was Reed 90-95-2.

(Fragrant Rose x Culmination) **Late Season** **\$ 32.00**

BACK FLASH 2W-YYO (Dr. John Reed, USA)

An excellent flower for show and garden. Vigorous. It may exhibit an orange rim at times. Was Reed 81-21-1.

(Green Island x Flash Affair) **Midseason** **\$ 5.00**

BADBURY RINGS 3Y-YYR

Withdrawn

BANKER 2Y-O (David Jackson, Tas,AUS)

Consistently one of the most outstanding show daffodils with many Best in Show awards. The corona is usually more often a deep golden color than orange as it grows here. The petals are very smooth and overlapping with the entire flower being held upright with a strong stem.

(Scipio x Seedling) Midseason \$ 7.00

BARNESGOLD 1Y-Y (B. S. Duncan, N. IRE,UK)

I prefer this of all of Brian's yellow trumpets. It is the parent of my best dark gold trumpet to date. Tall stems support rounded flowers with excellent poise.

(Golden Jewel x Midas Touch) Late Midseason \$ 5.00

BEAUTY REST 2W-P (Dr. John Reed, USA)

Registered in 2009 but has been neglected when preparing my catalog. Big blooms are held high on strong stems with excellent poise. The color of the corona is a very pure pink and the petals very white with good overlap and smoothness. A beautiful flower for show and garden. Was Reed Seedling 95-40-2

(Brian's Favorite x Lawless) Midseason \$ 7.00

BERCEUSE 2W-P (Grant E. Mitsch, USA)

For show and a fine garden plant. A strong grower and floriferous.

[(Melody Lane x Rose Caprice) x (Carita x Accent)] Midseason \$ 5.00

BERTRAND GOLD 2Y-Y (Dr. John Reed, USA)

Withdrawn

BIG MO 1Y-Y (Dr. John Reed, USA)

The finest flower from a prolific small cross. Very smooth, large blooms verging on a subtle shade of orange as the flowers age. It has had good reviews from Ohio and New Zealand, too. Named for my father, M.O. Reed ("Mo") and the greatest United States battleship, The USS Missouri ("MO"). A top-quality show bloom. A slower increaser than its sibling, Dr. David Hough. Was Reed 83-40-1.

(Gold Bullion x Gold Convention) Midseason \$ 7.00

BIG SKY 2 W-PP (Colin Crotty, SI, NZ)

Round flower with overlapping perianth segments and a deep rosey cup. Can be spectacular in the garden.

Sock Eye x Eclat Midseason \$ 9.00

BIOMETRICS 2 Y-O (Richard & Elise Havens, USA)

Sibling to Flint Arrow and Velocity, but with a non-reflexed perianth registered as division 2. Intermediate show flower.

Jetfire x Gypsy Early Season \$ 7.00

BLAZING WAVE 2 W-PP (Colin Crotty, SI, NZ)

Pure white rounded perianth with well overlapping perianth segments. Corona is scalloped, very large, nearly flat orangish red in color. Can be shown.

Eclat x 2 W-WR 12-76 Midseason \$ 10.00

BRIER GLASS 2W-GWW (John Lea, ENG,UK)

A very white round early show flower. Parent of David Adams from Charles Wheatley.

(Ashmore x Croila) Early Midseason \$ 4.00

BRINDLE PINK 2 Y-P (Brian S Duncan, NI,UK)

D 572 (Brindsi O.P) X D645 (Brindsi OP) Late Midseason \$ 6.00

BROOMHILL 2W-W (F.E. Board, ENG,UK)

Rarely offered now, this smooth, early, large cup is an outstanding show flower and breeder. Of medium size.

(Easter Moon x Knowehead) Early \$ 4.00

BUCHANAN 6W-GWW (Dr. John Reed, USA)

Withdrawn

BURNING BUSH 3Y-R (Brian S Duncan, NIre,UK)

Withdrawn

BUTLER UNIVERSITY 3Y-R (Dr. John Reed, USA)

Considered one of my best 3Y-Rs. It has **tall, strong** stems with excellent large show flowers. They are smooth with heavy substance and excellent poise. Was Reed 92-80-2.

(Kinsman x Suntory) **Midseason** **\$ 9.00**

BUTTER SILK 2Y-Y (Dr. John Reed, USA)

I was taken by this flower's bright yellow color and extreme petal smoothness when I first saw it, hence the name. It has excellent petal overlap and a strong medium length stem. Admired by Larry Weir at his place. It is giving excellent seedlings including my best ever pale 1Y-Y for show. Was seedling 92-22-1.

(Camelot x Dream Prince) **Early Midseason** **\$ 9.00**

CABERNET 2W-GPP (Brian S Duncan, N Ire, UK)

Withdrawn

CAMEO AFFAIR 2 W-Y (Peter DK Ramsay N I, NZ)

Peters version of my Irish Affair. It is an excellent show flower. Less substance than American Affair but wider penianth segments.

Irish Mist x Flash Affair **Midseason** **\$ 18.00**

CAMEO ANGEL 2 W-WWY (Peter DK Ramsay N Ire, NZ)

Excellent show flower.

Angel x Immaculate **Late Midseason** **\$ 8.00**

CAMEO FLARE 2 Y-R (Peter DK Ramsay N I, NZ)

Part of the Ramsay's cameo series. Well colored.

Red Ember x Red Alert **Late Season** **\$ 8.00**

CAMEO FLUSH 2 O-O (Peter Ramsay, NI, NZ)

Peter's most outstanding self colored bloom. Large and impressive.

Cowboy x Creag Dubh **Late Season** **\$ 18.00**

CAMEO GOSSIP 2Y-R (Spud Brogden, NI, NZ)

Tall vigorous, colorful. Can be shown at times. Limited Stock.

(Red Cameo x Kiwi Gossip) **Midseason** **\$ 5.00**

CAMEO JOY 2 Y-R (Peter Ramsay, N.I, NZ)

The best of Peter's yellow red daffodils as they grow here. Does have some basal rot at times. An outstanding show flower!

Loch Carron x Dynasty **Midseason** **\$ 18.00**

CAMEO KING 2W-W (Peter DK Ramsay N Ire, NZ)

Peter's best white from the Cameo series.

Cool Crystal x Immaculate **Late Season** **\$10.00**

CAMEO LOVE 2 W-Y (Peter DK Ramsay N Ire, NZ)

Similar to Cameo Affair.

Moiki x My Love **Midseason** **\$ 8.00**

CAMEO MARIE 3 W-YYO (Peter DK Ramsay N Ire, NZ)

Peters best small cup with many single bloom wins, and Best in Show awards at both Islands. Very consistent!

Collectors Choice x Challenger **Midseason** **\$16.00**

CAMEO RIM 2 W-WWP (Peter DK Ramsay N Ire, NZ)

Excellent "Cameo" Show bloom.

Crimplene x Cherryrim **Late Season** **\$ 8.00**

CAMEO ROSE 2 W-P (Peter DK Ramsay N Ire, NZ)

Peters best Pink with many awards.

Dalcharm x Kathryn Mae **Midseason** **\$ 18.00**

CAMEO SNOW 2 W-W (Peter DK Ramsay N Ire, NZ)

Beautiful white show blooms for the Cameo Series.

Ben Hee x Homestead **Late** **\$ 10.00**

CANTICLE 9W-GYR (Ballydorn Bulb Farm, N. IRE, UK)

Excellent poet for show and garden. Very smooth and consistent.

(Cantabile x ?)

Late Midseason

\$ 7.00

CANDY BAR 2W-YOO (Colin Crotty, SI,NZ)

One of Colin Crotty's most vigorous seedlings growing here. I love it! The stems are strong and support very smooth, outfacing blooms with a bowl-shaped corona.

(Breeding unknown)

Very Late Midseason Here

\$ 5.00

CANDY MAN 2W-R (Dr. John Reed, USA)

From the cross that gave American Hero, this daffodil is not formal enough for show but it beckons you with its intense color and tall stems, attracting people like a candy man does. Breeding intense color! Stock is still small. Was Reed 89-50-2.

(Culmination x Ruby Red)

Late Season

\$ 10.00

CAPTAIN AMERICA 2W-R (Dr. John Reed, USA)

Appropriately named for a super hero. Tall stems and wide petals are a foil for an amazing large deep red cup. It can be shown. Striking in the garden. Pollen is fertile and occasionally sets seed, too. See DaffSeek photos. Wind protection gives smoother, taller blooms. The red color fades with time, especially in the sun. Was Reed 95-5-1.

(Cordial x Magician)

Midseason

\$ 32.00

CARROT JUICE 10-O (Dr. John Reed, USA)

I could not take my eyes off this when it first flowered. While smaller than average, its petals were a uniform shade of light orange. I could see no yellow in the petals with my eyes. This is not a suffusion or a sheen. While this is not a top show flower, it is showable at its best. It is a real color break and its color is being passed on to its seedlings which are of a higher quality, too! Was seedling 96-18-1.

[78-17-3N (Trumpet Call x Orange Way) x 82-108-4 (Zuni x Glenfarclas)]

Early Midseason

\$ 20.00

CARROT TOP 2W-O (Dr. John Reed, USA)

Withdrawn

CASSOPOLIS 2Y-R (Dr. John Reed, USA)

Possible my best 2Y-R, this is a well-engineered daffodil with an exemplary smooth very flat wide perianth supported by a strong stem and neck. A row of blooms is almost military-like in their bearing. Alas, the deep colored cylinder-like cup burns easily and needs protection for show. It can flush the petals with red at times. Named for a local Michigan town where I have purchased my Ford trucks. Was Reed seedling 82-200-3.

[(Air Marshall x Caracas) x Creagh Dubh]

Early Midseason

\$ 5.00

CEDAR HILLS 3W-GYY (Mitsch & Havens, USA)

This sets the standard for beauty and quality in the late division threes. A show and garden flower of the highest caliber. Tall stems support the very large flowers with excellent poise, and color contrast.

(Impala x Green Hills)

Very Late Season

\$ 5.00

CELTIC PRINCE 1Y-Y (Dr. John Reed, USA)

This smaller 1Y-Y, possibly an intermediate has consistently given superb well-formed yellow flowers. White being down for 8 years. It has freely open pollinated every year! Perhaps because the bees like it so well, too? This is from the reciprocal cross of it Millennium Perfection. Stock is still small. Was Seedling 87-40-2.

(Dream Prince x Celtic Gold)

Early Midseason

\$9.00

CHANGING DAY 1Y-R (Dr. John Reed, USA)

An outstanding advance in yellow-red show quality trumpets. When it first flowered I knew it was a "Changing Day" in my breeding of red trumpets. Its perianth form is always superb and the colors are usually excellent. Bred from 2 seedlings chosen for color and form. See photo on DaffSeek. Few to go. Was seedling 98-105-1.

(Turk x 89-122-5 [Glenfarclas x 81-7-1 (Vulcan x Sutton Court)])

Early Midseason

\$ 37.00

CHARBONNEAU 2 W-WOO (Richard & Elise Havens, USA)

Well formed show flower with variable color here. Only perfect conditions gives the stronger coloration. Beautiful.

Iroquois x At Dawning

Midseason

\$ 8.00

CHARLIE CONNOR 1Y-O (John Pearson, ENG,UK) LAST LISTING

A very smooth show bloom. Its color has been variable here but great in the UK! Scarce. Fertile both ways.

(Glenfarclas x Uncle Duncan)

Early Midseason

\$ 4.00

CHICAGO GOLD 1Y-Y (Dr. John Reed, USA)

The original label states Ultra Smooth and Deep Gold. It has consistently done this since its first flowering here. Of the highest quality for exhibition, and also for the garden and breeding. The flowers are smaller than average. I find myself staring at it when I walk by it, even when the flowers are gone! Named in honor of the helpful members of the Chicago Daffodil Society. Stock is still small. Was Reed 93-1-2.

(Celtic Gold x Dream Prince) **Early Season** **\$ 8.00**

CHICAGO GOLD COAST 1Y-Y (Dr. John Reed, USA)

Named for the ritzy area of Lakeshore Drive in Chicago with very high priced apartments and homes. This flower is similar to Chicago Gold but slightly deeper in color and the petals are not as wide. Stock has increased enough to finally offer it. An excellent show flower of medium size. Was Reed 93-1-7.,

(Celtic Gold x Dream Prince) **Early Midseason** **\$ 11.00**

CHICAGO HOPE 1Y-GYY (Dr. John Reed, USA)

The name says it all. Besides using the famous TV show's title, I had hoped that it would win the Rose Ribbon when shown some years ago in Chicago. But that honor went to a sibling of Haunting. It is a well-balanced, medium sized, smooth yellow trumpet capable of giving superb blooms. The smooth overlapping wide petals were inherited from Dream Prince and the vigor imparted from Golden Jewel. Proving to be a very good breeder, too. Was Reed 85-7-2

(Golden Jewel x Dream Prince) **Early Midseason** **\$ 7.00**

CHILOQUIN 1Y-W (Grant E. Mitsch, USA)

A vigorous show bloom that does well in the garden. Floriferous, smaller than average.

(Bethany or Limeade open-pollinated) **Midseason** **\$ 4.00**

CHIQUITA 2W-GPP (Murray Evans, USA)

COLOMA 1Y-P (Dr. John Reed, USA)

Withdrawn

COMMODORE PERRY 1W-GPP (Dr. John Reed, USA)

Such a perfect flower had to be near the highest level in the chain-of-command. An American hero with a great American daffodil named for him. While of smaller size it is almost perfect, with a flat smooth overlapping perianth and a light pink evenly expanded trumpet. One of the down under breeders, after seeing the photo (shown in our ADS ad) said that it must be the most perfect 1W-P in the world. Bred from a flower John Lea was using in his pink trumpet program, crossed with the best of Jackson's pinks at the time. A marriage made in daffodil heaven and a flower either breeder would be proud to claim. Thank you John and David! Was Reed 87-70-1.

(Lea 1-19-66 x Obsession) **Early Midseason** **\$ 13.00**

CONQUEST 2W-O (G.W.E. Brogden, NI, NZ)

Withdrawn

COPPER MINE 2O-O (Dr. John Reed, USA)

When initially seen I was hard-pressed to code the petal color. Not a yellow but not a true red, either. The flower has become bigger, stronger and brighter as the stock as grown. Still scarce but very desirable for showing and breeding. Tall stems and large flowers guide your eyes to it! Was Reed 97-104-1.

(Cowboy x Burning Bush) **Midseason** **\$ 52.00**

COPPERFIELD 2Y-Y (R & E Havens, USA)

When well grown this is an unusual coloration. Buffy yellow petals support an orangish corona. The stem is strong with excellent poise. The petals have a good overlap and are smooth. For show and garden.

(Paricutin x Daydream) Midseason \$ 4.00

COWBOY 2Y-O (David Jackson, Tas AUS)

A Large well colored bloom for show and garden. Excellent breeder, and vigorous!

(Craze x Coope) Midseason \$ 5.00

CREATION 1W-W (Grant E. Mitsch, USA)

This is the most vigorous non-rotting early show quality white trumpet here. The trumpet is flanged and the flower is fertile.

[(Trousseau x Paradise) x (Seedling A39/1 x Panache)]
Early Season \$ 5.00

CROWN GOLD 2W-O (R & E Havens, USA)

Withdrawn

CULVER 3Y-Y (Dr. John Reed, USA)

This the second of the next generation bred from Haunting. This is much smoother and larger than Haunting. Similar but distinctive from Shipshewana that increases better. Named for a local town south of us in Indiana and home of Culver Military Academy. Petals are well rounded with excellent overlap and are silky smooth. Poise and stems are very good and strong. Was Reed Seedling 99-24-3

(Get Away x Haunting) Midseason \$ 32.00

DAILMYSTIC 2W-P (Brian Duncan, NI,UK)

Withdrawn

DAVE'S FAVORITE 2Y-O (Dr. John Reed, USA)

Dave Karnstedt was very fussy about the daffodils that he liked. They needed to point high and be aesthetically beautiful. In other words, approaching perfection! This late 2Y-O is one such flower that Dave seemed to really admire during one of his visits to Oakwood, hence the name. I wish it were more strongly colored; I have bred it with Burning Bush in hopes of achieving that end in the next generation. A very high-quality show flower. Was Reed 84-142-1.

(Safari x Bunclody) Late Midseason \$ 5.00

DAYTON LAKE 2W-Y (Dr. John Reed, USA)

From an early cross to improve Festivity, this selection was kept. Almost every bloom can go to show. The strong stem has a short neck with upward poise that displays a white perianth, which is very flat and smooth with no incurving. The pleasing mid-yellow cup does not stain the perianth. Fertile both ways. Can be unbelievably good. Rapid increaser. Was Reed 79-165-1.

(Festivity x Easter Moon) Midseason \$ 4.00

DEBBIE JOAN 2 W-GWR (Colin Crotty, SI, NZ)

Brilliant color for show and garden.

Cherry Rim Midseason \$ 8.00

DEMBELE 2 W-GWP (Colin Crotty, SI, NZ)

A more deeply colored version of Pitta. The color of Colins Joy.

Pitta x Colins Joy Midseason \$ 8.00

DENIS DAILY 2O-R (Dr. John Reed, USA)

Named for our Oakwood guest, a major figure in the Minnesota Daffodil Society until his untimely death in 2012. Bred to put a color-fastness gene into Sabine Hay. A large, round flower that needs protection for its best color, which is strong and distinct. Potential breeder. Was seedling number 87-9-1.

(Spelter x Sabine Hay) Midseason \$ 12.00

DIANA'S SONG 2W-R (Dr. John Reed, USA)

This name was used to honor Princess Diana on her untimely death because England's Rose (Elton John's song honoring her) was not allowed by the International Plant Naming Societies. The smoothest petals of any daffodil in the cross and with beautiful colors. A great show flower, I had inadvertently left out of the catalog the last couple of years. Was Reed 90-5-1

Valinor x Verran Rose Late \$ 18.00

DIK DIK 2Y-R (G.E Mitsch, USA)

Withdrawn

DINGUS DAY 2W-P(R) (Dr. John Reed, USA)

After the original cross made in 1988 flowered, it was repeated with even better results in 1994. This flower has better form and is more consistent in its intense cup color, ranging from deep pink to red-pink. A most imposing flower supported with tall stems here. It has been in bloom on Dingus Day (the Monday after Easter Sunday), a Polish holiday celebrated in South Bend, Indiana annually by politicians with beer, Polish sausage, and speeches. Was 94-14-1.

(Dear Me x Culmination) **Early Midseason** **\$16.00**

DOWNLANDS 3W-Y (P & G Phillips, NI, NZ)

Withdrawn

DYNASTY 2Y-R (Spud Brogden, NZ,NI)

One of Spud's best show flowers. Outstanding color and form.

[T42 (Air Marshall x Orator) x Loch Hope] **Midseason** **\$ 6.00**

EASY LOVER 2W-P (Dr. John Reed, USA)

Withdrawn

EDIE 2W-P (Dr. John Reed, USA)

Named for our wonderful daffodil helper, Edie Godfrey. She has been there to help, especially with sending out orders. Edie actually was at my bedside to help when I had a pulmonary embolism. This is my first very pure pink cup named from Lavender Hope. The stems are long, supporting pure pink cups against white overlapping petals. It is showable and fertile. This is the flower you want if you desire REAL, in this climate, **PINK COLOR**. Was Reed 97-76-1.

(Lawless x Lavender Hope) **Midseason** **\$ 32.00**

EGMONT STAR 2 Y-Y (ME (Spud) Brogden, New Zealand

Excellent all yellow for show.

Kiwi Moon x Gold Gem **Early-Midseason** **\$ 9.00**

EMERALD LIGHT 3 W-GYO (Richard & Elise Havens, USA)

Beautiful ADS show intermediate.

Lemon Tree x Emerald **Very Late** **\$ 12.00**

ENERGIZER 2O-R (Dr. John Reed, USA)

Early in my breeding I was determined to improve the all-orange-red daffodils by breeding and selecting for more color intensity and color "fastness" as they flower here. My early seedlings and those of Brian Duncan's from Altruist would only show a deep perianth color in the best of seasons and none ever showed the intensity that Gypsy or Fiery Flame did in Oregon. Only two selections were kept from this intensely "hot" cross and this one has demonstrated the best combination of form and color resistance here. Hopefully its name says it all. Like the little pink bunny with its beating drums it will energize your spring garden, show table and breeding program. Increase has been slow. Was Reed Seedling 87-6-2.

(Sabine Hay x Stylish) **Early Midseason** **\$ 16.00**

EVESHAM 3W-GYY (John Lea, ENG,UK)

Withdrawn

EXCALIBUR 2Y-O (John Hunter,SI, NZ)

Withdrawn

FIRST STEP 6W-O (Dr. John Reed, USA)

My first 6W-O. Short cupped and color variable but good in recent years. Was seedling 81-23-1.

(Kilworth x Ballydorn 6W-Y seedling) **Late Season** **\$ 6.00**

FLAMING JEWEL 3W-R (David S Bell, SI,NZ)

Withdrawn

FLAMING SILK 1W-R (Dr. John Reed, USA)

It seemed logical to cross Pink Silk and Magician to get a 1W-R. This is the only one in two cross attempts that measured division 1. The cross was made both ways, too. Magician gave the best flowers as a seed parent. Its color is not the ultimate red, but it is a very good starting point. Strong, tall stems support large flowers of show quality with an excellent poise. The bulbs are healthy and it is fertile both ways. Was seedling 94-8-1.

(Magician x Pink Silk) **Midseason** **\$ 48.00**

FLINT ARROW 6 Y-O (Richard & Elise Havens, USA)

Well colored show flower, but variable in color intensity. Good increaser.

Jetfire x Gypsy **Early Season** **\$ 7.00**

FLINTLOCK 2W-Y (David Jackson, Tas, AUS)

Withdrawn

FLORIDA ORANGE 2W-O (Dr. John Reed, USA)

The first of the “near-trumpet” 1 W-O crosses to be released. This is a strong vigorous growing, well contrasted 2W-O with strong stems. The blooms are bright with a trumpet shaped corona of strong orange against the very white petals. Petals are overlapping, wide, and all in one plane. The poise is excellent. Stock is still small. Was Reed Seedling 98-48-1

(Ivory Orange x Carrot Top) **Early Midseason** **\$ 38.00**

FLUSHER 2O-R (Dr. John Reed, USA)

From my first cross to get an orange-petaled orange trumpet. Two of 120 flowers showed some color in the petals. Alas, the slowest growing one was the best colored one! Of trumpet character and form, it usually has some degree of petal flush. The stems are tall but not as strong as I would like. The corona measures 30 mm and petals 36 mm (Note: most of my daffodils will grow bigger in a protected watered area. All the flowers measured here are grown in the fields). The petals have good overlap and excellent poise. I did not breed with it until I actually flowered a 1O-O. Was Reed 84-79-2.

(Glenfarclas x Creag Dubh) **Early Midseason** **\$10.00**

FORT MITCHELL 1W-Y (Dr. John Reed, USA)

Named in honor of the site of the 2002 ADS National Show where it beat many well-known flowers in its single bloom class. Its perfection and smoothness cried out for being exhibited so it was removed from our trade stand to win the single bloom award. It was cut from the open windswept field of 10 acres. It was beautiful with its chaste smooth flat perianth and its mid-yellow trumpet. Every bloom was identical. Very consistent! Was Reed 81-107-1.

(Cool Contrast x ? --possibly Flash Affair) **Early Midseason** **\$ 5.00**

FRANZ JACKSON 2W-O (Dr. John Reed, USA)

Sibling to Tangerine Delight. It is slightly earlier and a couple millimeters short of a trumpet measurement. Excellent carriage and reasonable form. Named for a jazz musician, the father of one of Sandy’s friends. Very small stock. Was Reed 98-32-1.

(Orange Tint x Lutana) **Early Midseason** **\$ 42.00**

FRESH LIME 1 YYW-Y (A.J.R Pearson. Eng,UK)

Outstanding show flower.

79-7-E2 x Daydream **Midseason** **\$ 12.00**

GALIEN 2W-Y (Dr. John Reed, USA)

When this cross flowered I was hard pressed to decide which ones to keep. This is the only one of about 200 seedlings that was retained. Its perianth is very smooth with perfectly flat petals in the same plane. The tall flowers support a deep-yellow cup with strong stems and excellent poise, but petals are not wide. Much admired by Mike Berrigan. Growth was slow initially but seems to be improving now. Just cut for show or admire it in the garden. Named for the small local Michigan town near Dayton Lake. Was Reed 79-21-1.

(Easter Moon x Chapeau) **Midseason** **\$7.00**

GARBO 11AY-P (Dr. John Reed, USA)

Withdrawn

GARDEN GATE 3W-YYP (Dr. John Reed, USA)

Excellent, smooth show flower. Yellow fades with time. Was Seedling 86-62-1.

(Fragrant Rose x Kerstin) **Midseason** **\$8.00**

GEOMETRICS 2W-Y (Sid DuBose, USA)

A beautifully formed show flower. Perhaps Sid’s best. Before passing away Sid stated that it had given his best ever 2W-W! Scarce.

(Precedent x Camelot) **Midseason** **\$ 7.00**

GEORGE GERSHWIN 2W-O (Dr. John Reed, USA)

Withdrawn

GOLD CONVENTION 2Y-Y (John Lea, Eng,UK)

An imposing larger show flower. Still good for show, breeding, and garden.

(Seedling x Seedling) **Midseason** **\$ 4.00**

GOLDEN BIRTHDAY 2Y-Y (Dr. John Reed, USA)

A lovely, well balanced smooth yellow medium-sized trumpet of the highest show quality. Wide overlapping petals greet the eyes and help to focus on the rest of its outstanding features. Named in honor of the American Daffodil Society's fiftieth anniversary in 2004. See DaffSeek photo. Was Reed 85-7-7.

(Golden Jewel x Dream Prince) Midseason \$ 10.00

GOLDEN RICHES 1Y-Y (David Bell, SI,NZ)

Almost a self-orange in favorable seasons. For garden and breeding but can be shown. Nicely ruffled flange on the trumpet. Vigorous and dependable.

[(Red Conquest x Golden Fortune) x Salome] Early Season 3 for \$ 10.00

GREAT JOY 2W-P (Dr. John Reed, USA)

This flower resulted from my first efforts to breed a 1W-R. Even though it is not a full trumpet, nor red, the plant is vigorous and smooth with tall stems. Cup color can almost be red in some seasons. Very good. Named for Joy Haeffner, who has been a great help and a joy for Oakwood. Was Reed 96-3-1. Shown in Kirby Fong's winning collection in 2013. See DaffSeek for a well-colored picture.

(Pink Silk x Magician) Early Midseason \$ 18.00

GREEN ENVY 3W-GWW (Dr. John Reed, USA)

Combining the better qualities of its parents, we have a tall, well-formed late white that consistently has a deep, green eye to the small spreading slightly frilled cup. A strong plant that multiplies very well and is later than the much smaller Jade. The really deep, mossy green center when seen can make one green with envy. Was Reed 91-73-2.

(Limey Circle x Dunley Hall) Very Late Season \$ 8.00

GREEN HOPE 2W-GWW (Dr. John Reed, USA)

A beautiful green-eyed flower that has given me the best of my green-eyed daffodils. Was Reed Seedling 85-26-4. Offered as Green Heart initially, now registered as Green Hope.

(Angel x Misty Glen) Late Midseason \$ 12.00

HANBURY 2W-W (Clive Postles, Eng,UK)

At its best this is the most beautiful 2W-W I grow. Of trumpet character, it is healthy and fertile with tall strong stems and excellent poise.

(Ben Avon x Panache) Midseason \$ 5.00

HANKY PANKY 11aY-Y (Dr. John Reed, USA)

Named for a rock 'n roll song by Tommy James, originally from Niles, Michigan. A great improvement over King Size. Has won its class in the National Show. Good breeder. Was seedling 90-29-1

(King Size x Dream Prince) Midseason \$7.00

HAPPY BIRTHDAY 3 Y-YYR (David Karnstedt, USA)

Dave's first registered daffodil, named for his wife's Birthday. For show and garden. Scarce Parentage? Seedling A 83-32-13

Late \$ 10.00

HAROLD'S CROSS 3W-P (Dr. John Reed, USA)

This sets my standard for size, roundness, and stem height in division 3W-Ps. Named to honor Harold Cross of Tasmania, Australia who pioneered much of the initial breeding efforts in 3W-Ps. His Possum 3W-P is the reciprocal breeding of my American Possum, the pollen parent of this 3W-P. Vigorous but slower growing. Excellent overlapping petals, poise with light pink cup color. Was Reed 95-125-1.

(Strawberry Shortcake x American Possum) Midseason \$25.00

HAUNTING 3Y-Y (Dr. John Reed, USA)

The name says it all! I marked Haunting on the plastic label I staked it with when I first saw it in bloom that warm breezy late spring day. It appeared hauntingly beautiful then and it continues to be the best 3Y-Y that I have grown for show. Pictured in the March 2003 ADS advertisement for Oakwood Daffodils. Perfect balance, form, stem, neck, poise and petals. Almost a perfect uniform shade of yellow. Was Reed 84-41-2.

(Emily x Minster Lodge) **Late Season** **\$ 7.00**

HAWLEY GIFT 2Y-R (J. M. Radcliff, Tas,AUS / Registered by Dr. John Reed, USA)

Sent here under seedling number from the Radcliff's, this is a very special high quality addition to Oakwood. Highly admired by many ADS members here, it is now demonstrating its value as a breeder and a show flower. It looks like a red trumpet. The blooms are well colored and have a well overlapping, very smooth perianth. Poise and stems are excellent. Was Radcliff 9/84.

(Breeding unknown) **Midseason** **\$8.00**

HEAVEN'S GATE 2W-P (Dr. John Reed, USA)

Withdrawn

HELEN'S MEMORY 3W-Y (Dr. John Reed, USA)

A beautiful flower with intense colors. It is hard to believe this came from Grace Note! Smooth flat, overlapping perianth segments display the brilliant yellow crinkled cup. Blooms can be quite large and all have strong stems with good necks. Was Reed 90-69-11.

(Grace Note x Dunley Hall) **Late Season** **\$ 12.00**

HERMANN 1Y-Y (Dr. John Reed, USA)

Consistency and perfection have been the hallmarks of this very nice yellow trumpet. Smooth, well balanced blooms supported by strong stems and well poised, with wide overlapping petals form the perianth. Color is a pleasing yellow, to both the petals and corona. Named in tribute to Joy and Cindy Haeffner's home town, in Missouri. Was Reed 88-34-12

(Phil's Gift x Dream Prince) **Early Midseason** **\$ 16.00**

HOLME FEN 2W-Y (A.J.R Pearson, Eng, UK)

Withdrawn

HOLY COW! 2W-O (Dr. John Reed, USA)

This flower's cup is hard to believe with its pleats and crinkles. Colors are more orange than yellow in most years. The perianth is well formed with excellent poise and strong straight stems. As it was bred from Great Scott, this exclamation of the Chicago Cubs sports announcer, Harry Cary, seemed an appropriate name. Photo is in DaffSeek. A unique flower for garden and breeding. Was Reed 95-220-4.

(Great Scott x Arwon) **Midseason** **\$ 17.00**

HONEYORANGE 2 O-R (Brian s. Duncan, N Ireland, UK)

Strongly colored but variable in its intensity as grown here.

LITTLE DAVID 6W-W (Dave Karnstedt, USA)

A vigorous fertile miniature. The petals are informal. Bred from Swagger, it has been very healthy and sets seed easily. In contrast to Dave Karnstedt who was very tall, the name Little David seemed appropriate. As Little David slew Goliath, I expect this daffodil to be a pathway to many future miniatures. See photo in Daffseek. Scarce

Swagger o.p **Early Season** **\$ 35.00**

LITTLE SHEBA 6Y-Y (Dr. John Reed, USA)**Withdrawn****LIVING COLOUR 2W-GRR (Colin Crotty, SI, NZ)**

Deeply colored but has short stems. Has proved itself as a valuable breeder here.

[(Rainbow x Cherry Rim) x Eclat] **Midseason** **\$ 4.00**

INDIANA UNIVERSITY 2W-R (Dr. John Reed, USA)**Withdrawn****LONESOME DOVE 2W-W (William G Pannill, USA)****Withdrawn****LOUISE RANDALL 2W-W (Dr. John Reed, USA)**

This is a beautiful daffodil named for a very special lady who loved daffodils. For many years Louise and her son, Bob, would help me plant daffodils especially when I got behind. She even helped in the snowy November weather when she was in her 80s. This is the **most consistent early midseason white for show** that I have named so far. It is also great in the garden. By combining the best attributes of its parents, it never lets you down. Neither did Louise! Was Reed 89-9-1.

(Misty Glen x Rhapsody) **Early Midseason** **\$ 7.00**

LUBAANTUN 1YYW-WWY (A. J. R. Pearson, Eng, UK)**Withdrawn****LUNAR DREAM 1Y-W (Dr. John Reed, USA)****Withdrawn****LUNAR SEA 1Y-W (Grant E. Mitsch, USA)**

Part of Grants original cross that started his domination of the reverse bicolor's (Y-W). Very vigorous and free flowering from bulbs down 24 years. Stays healthy if not dug. A show flower with strong tall stems. Breeder.

(King of the North x Content) **Midseason** **\$ 8.00**

LYDICK 2W-R (Dr. John Reed, USA)

Offered for breeding and garden use. The original stock clumped up very fast and bulbs were dug to fatten them up again. It has been a good breeder for deep pink/red flowers. A great improvement over Spaceship. Very healthy, excellent stem, neck and wide petals. Named for a small local Indiana town.

(Spaceship x Culmination) **Early Midseason** **\$ 5.00**

MACDALLA 1W-Y (David Jackson, TAS, AUS)

A very smooth show winner from Tasmania. Its corona is more tubular and a pale yellow in color as it has grown here. It was a deeper color when seen down under. Stock is still small. An excellent show flower and good grower. See Daffseek photo.

(Breeding unknown) **Early Season** **\$ 14.00**

MACILYNN 3W-YYR (Dr. John Reed, USA)

It seemed logical to cross the vigorous and colorful My Sweetheart with LaPaloma. This is possibly the best all-around show flower of the seven selections kept. It is named for Oakwood's own sweetheart Chrissy Wagoner's little baby. This is a strong grower and increaser! Was Reed 95-34-2.

(La Paloma x My Sweetheart) **Midseason** **\$ 20.00**

MAGICIAN 2W-R (Grant E. Mitsch, USA)

This was hard to believe when first seen! An eye opener. A true shade of brilliant orange-red to the slightly oversized cup. Stems are strong and short. A significant breeder and a great flower in the garden. Has a tendency to rot in storage, therefore, it is better to replant it immediately..

[(Accent x Rose Caprice) x Cool Flame] **Midseason** **\$ 7.00**

MAGIC CHARM 2W-R (Mitsch and Havens, USA)

An impressive well colored flower in this climate. The corona is a deep red set against a pure white well formed perianth. Corona is slightly longer than Catalyst. Excellent stem and neck. Seed sterile here.

(Decoy x Magician) **Late/Midseason** **\$ 8.00**

MAGIC LANTERN 1Y-O (R & E Havens, USA)**Withdrawn**

MAGIC STEP 2W-P (Richard and Elise Havens, USA)

Tall stems display single blooms of nicely formed pink cups resembling its jonquilla heritage.

(Quick Step x Magician) **Late Midseason** **\$ 9.00**

MAJESTIC VALLEY 2 W-YYP (Colin Crotty, SI,NZ)

Large well colored blooms for the garden.

Cheryrim seedling x Eclat **Midseason** **\$ 8.00**

MARIEMONT 1Y-O (Dr. John Reed, USA)

This beautiful flower had been admired ever since it first flowered. It has been a healthy strong grower with smooth wide petals backing a very nice orange trumpet. A bulb sent to Jason Delaney was highly praised. It was the earliest 1Y-O to flower in 2014, and the blooms were long lasting. Location and seasonal variables can alter its quality. Named for a southern Ohio community interested in Oakwood's daffodils. Was Reed seedling 95-100-1.

[81-30-1 (Q20 x Sutton Court) x Uncle Duncan] **Early Season** **\$ 9.00**

MAX 11aY-YRR (Ron Scamp, Eng,UK)

Withdrawn

MEMORIAL DAY 2W-P (Dr. John Reed, USA)

Named in honor of the Memorial Day daffodil dig that has become a tradition here, sharing our excess bulbs with the daffodil clubs who come to help us dig the fields. A late, smooth, large pink with excellent vigor increase and show quality. Blooms held on strong stems. Was Reed 90-75-3. Click on Daffseek.org to see the intensely violet-shaded cup.

(Everpink x Kerstin) **Late Midseason** **\$ 12.00**

MEMORIAL GOLD 1Y-Y (Dr. John Reed, USA)

From a cross of intense quality comes a flower that can be shown without any grooming. Named for the hospital I was born in and work for now. A deep yellow shade with excellent poise, stem and neck, overlapping smoothness, etc.!

Was Reed 91-54-1.

(Gold Convention x Goldfinger) **Early Midseason** **\$ 13.00**

MIGHTY MITE 1YYG-Y (Dr. John Reed, USA)

Many hundreds of seedlings were raised from this cross giving standard sized blooms and smaller intermediate ones. This has been the best show intermediate yellow trumpet I have raised, albeit increase has been slow. The plants have been healthy and fertile both ways. See the photo on DaffSeek. Very limited stock, few to go. Was Reed 2010 selection #5.

(Celtic Gold x Dream Prince) **Early Midseason** **\$ 37.00**

MILLENNIUM ORANGE 1W-O (Dr. John Reed, USA)

Withdrawn

MILLENNIUM PERFECTION 1Y-Y (Dr. John Reed, USA)

Of all the yellow trumpets that I have flowered, this has consistently been the finest show flower from year to year as it grows in the field. The cross for it was made 5 times and this was from the last attempt. A bulb given to Bob Spotts took Best in Show at the 2010 National ADS Show. The petals are very smooth and their width is extraordinary. It is giving these characteristics to its offspring. Its picture can be seen on DaffSeek. Was Reed seedling 95-1-1.

(Celtic Gold x Dream Prince) **Midseason** **\$ 50.00**

MILLENNIUM RED 2W-R (Dr. John Reed, USA)

When it first flowered this was the most pure red cup I had developed. Not a dark red like Catalyst but a pure vibrant red. It in turn is breeding this color. It has excellent petals that are very white with good overlap. Strong stems with up facing poise display the blooms well. Was Reed seedling 91-6-1. Scarce.

(Evans W 2/5 x Ruby Red) **Midseason** **\$ 30.00**

MODULUX 2W-Y (P & G Phillips, NI,NZ)

The most vigorous free blooming show daffodil I grow. A clump has bloomed here, down for over 20 years and was loaded with blooms.

(Breeding unknown) **Midseason** **\$ 4.00**

MOON BURST 4Y-W (Dr. John Reed, USA)

A lovely colored reverse double. It takes several days for the white to color up well. Strong stems. Can be shown. Was Reed Seedling 82-121-1

(Spun Honey x Bethany) **Late Midseason** **\$ 8.00**

MOTOWN 11aY-R (Dr. John Reed, USA)

While registered in 2009, it had to be renamed as hopeful Lickity Split was not accepted. I'm not sure if it was offered in 2009 but at least not under this name. So I'm re-offering it now. Due to oversight it has not been listed since. This cross was made to get an 11O-R and is very deeply colored. In a better climate it probably will be an orange-petaled flower. The corona is very dark and the plant is vigorous. While slightly coarse, it can be shown especially with extra watering and wind protection is a sight to see! Was Reed Seedling 98-54-3

(Menehay x Rory's Glen) **Midseason** **\$ 14.00**

MY COLLEEN 2W-P (Dr. John Reed, USA)**Withdrawn****NEON LIGHT 2W-YOO (Clive Postles, Eng,UK)****Withdrawn****NEW KID 3W-YYR (Dr. John Reed, USA)**

The third selection from this very good cross to be named. Again the name given by Mike Berrigan who seems to really like these siblings. Distinctive from the others but well colored and strong grower. Was Reed Seedling 95-34-4.

(La Paloma x My Sweetheart) **Midseason** **\$ 30.00**

NEW PARIS 2W-P (Dr. John Reed, USA)**Withdrawn****NEW PENNY 3Y-Y (William G Pannill, USA)**

Perhaps the most popular show bloom in its class in the USA. Vigorous

(Lemonade x Lemnos) **Midseason** **\$ 4.00**

NOTEWORTHY 3W-YYO (William Pannill, USA)

Tall, vigorous for show and garden. Scarce. Very good. Impressive looking with larger blooms.

(Lough Areema x Rose Caprice) x Jewel Song **Late Season** **\$ 5.00**

NOTRE DAME 2W-GYP (B.S. Duncan, NI, UK)

Many awards for this excellent show flower with very tall stems and very smooth perianth segments. Corona is tubular.

(Raspberry Ring x Fragrant Rose) **Late Season** **\$ 5.00**

NOWRA 2W-R (David Jackson, TAS, AU)

One of David's best in its class. The color has been variable here.

(Potent x Hartz) **Midseason** **\$ 6.00**

NYNJA 2Y-Y (David Jackson, TAS, AU)**Withdrawn****OAKWOOD GLEN 2O-O (Dr. John Reed, USA)**

This is the first of the richly-colored, concolorous "almost-trumpet" orange trumpets to be released. Of trumpet character and a very vigorous grower, this fertile flower is being extensively used in 1O-O crosses. The color is more copper than orange and is uniform rather than just a flush. Medium-sized with excellent stems and poise. Petals overlap well and are smooth. It's color at sunset is exquisite, its petals distinctly copper compared to neighboring yellows, golds, and oranges. Was Reed Seedling 2002-86-1

(Rory's Glen x Quantum Leap) **Midseason** **\$ 30.00**

OAKWOOD SPRITE 1 Y-Y (Helen Link/Dr. John Reed, USA)

It has an informal perianth but had a strong stem and neck And it is very floriferous too. The earliest daffodil to bloom here. A miniature daffodil for sure. Helen also registered a miniature form the this cross. Was Reed Seedling 77-43-1

Tiny Tot x Divine **Very Early Season** **\$ 6.00**

OAKWOOD STIMULUS (formerly STIMULUS) 2YO-R (Dr. John Reed, USA)

Just short of a trumpet and intensely colored. The perianth can flush orangish-red in a favorable season. Not of the highest show caliber, but it stands out (shouts at you!) in the garden due to its coloration. Offered for breeding and garden use. As President Obama has offered us a stimulus to get our economy going, I offer you a stimulus for further breeding toward the ultimate 1O-R! Was Reed 89-122-2.

[Glenfarclas x 81-7-1 (Vulcan x Sutton Court)] **Early Midseason** **\$ 6.00**

OAKWOOD TYKE 1 W-W (Dr. John Reed, USA)

Vigorous for garden and show.

Bagatelle x Sir Echo **Early Midseason** **\$ 6.00**

OREGON TRAIL 1Y-R (William F. Tribe, USA)

A well colored but smaller red trumpet for show and garden. Scarce. I have a very good strong-growing stock. Multiplies well.

(Arctic Gold x Brer Fox) x open-pollinated] x Javelin) **Early Season** **\$ 8.00**

OXFORD 3 W-Y (Grant E Mitsch, USA)

Lovely show bloom, strong grower. Limited stock.

Impala x Green Hills **Late Season** **\$ 8.00**

PEACEFUL HOLLOW 6Y-O (Dr. John Reed, USA)

A sibling to Wayne's World. It has drawn praise from several ADS judges. Smooth and well-formed but slightly larger than Wayne's World. Also slow growing! Well swept-back petals sport an orange, medium length corona. Stock is small. Was Reed 84-49-2.

(Monal x N. cyclamineus) **Early Season** **\$ 16.00**

PEGGY MACNEALE 2W-W (Dr. John Reed, USA)

Peggy was an outstanding and long-time member of the ADS that she loved. Her enthusiasm brought many new daffodil lovers to join the ADS and the SWODS group. Her trips to Oakwood were only at bulb digging time because of her ADS duties. She liked to point out particular bird calls to us novices while she hiked the wooded hills of Oakwood. Oakwood loved Peggy. This is a superb smooth show flower. Very white bloom with trumpet shaped corona on strong stems with excellent poise. Was 84-122-3.

(Inverpolly x Kindee) **Midseason** **\$ 12.00**

PIERCE-ARROW 1Y-O (Dr. John Reed, USA)

Show quality 1Y-Os are still scarce, especially those that flower late. This vigorous daffodil blooms in late midseason here. It is of excellent size and height. And is of show quality with good poise, overlapping petals and non-fading color. Named for the classic American cars made in Albany, New York. A twelve-cylinder version of the Pierce Arrow set a world land speed record in the early 1930s driven on the Bonneville Salt Flats. Was Reed Seedling 89-83-17.

(Trumpet Call x Glenfarclas) **Late Midseason** **\$ 5.00**

PICTURE PERFECT 2Y-R (Dr. John Reed, USA)

Large imposing flowers are held high on strong stems. Excellent color. Needs to be wind protected and watered for the best blooms.

(Safari x Bunclody) **Late Season** **\$ 6.00**

PIKE LAKE 2W-Y (Dr. John Reed, USA)

The newest of the Lake Series to be named. Admired by several ADS judges and myself. Its strong stem, neck, poise and the late midseason flowering make this flat perianth beauty a good show flower. It was the only W-Y in a cross that gave many lovely W-Ws. Named for a small fishing lake just east of Dayton Lake. This is very vigorous and giving nice seedlings. Was Reed 88-82-1.

(Misty Glen x Immaculate) **Late Midseason** **\$ 6.00**

PINHOOK LAGOON 1W-Y (Dr. John Reed, USA)

Withdrawn

PINK CLIMAX 2Y-P (Dr. John Reed, USA)

This was the name that came to me when I first saw it in bloom. The flower colors are pastel and very pure. Almost a lavender pink in the trumpet shaped corona. Definitely not garish. I can only hope that David Bell has been looking down from Daffodil Heaven to see it in bloom. Vigorous and floriferous. Was Reed Seedling 92-169-1. See DaffSeek photo.

(Quantasia x Fidelity) **Midseason** **\$ 10.00**

PINK EMPIRE 2 W-P (Charles Wheatley, USA)

Scarce registration from Charles. For show and garden. Daffseek photo doesn't do it justice.

Fragrant Rose x Culmination **Late** **\$ 7.00**

PINK FLUSH 2P-P (Dr. John Reed, USA)

Simply the most consistent show quality pink flushed perianth I have raised or seen here. Every year it has shown a warm pink glow in its smooth flat, overlapping perianth. It is also giving that color and quality to its offspring. Fertile both ways. Was Reed 90-100-2.

(Music x Culmination) **Late Midseason** **\$ 10.00**

PINK SUN 2Y-P (Charles Wheatley, USA)

Rarely seen, I now have enough of this distinctive show flower to offer it. The best yellow-pink from Charles. It has excellent petals, smooth, overlapping and almost touching showing off a deep pink trumpet shaped, large cup. Stems are strong and poise is excellent. Colors vary with the prevailing weather, especially with moisture. An excellent breeder for me. Was Wheatly 87-150-2.

(Troupial x Dailmanich ?) **Midseason** **\$ 12.00**

PINK TOPAZ 1W-P (John Hunter, SI, NZ)**Withdrawn****PIN-UP GIRL (formerly COVER GIRL) 2W-P (Dr. John Reed, USA)**

A combination of a superb show quality perianth with well overlapping smooth segments. The corona is a lovely shade of pink.. Very consistent and vigorous grower here. Was Reed Seedling 90-75-1.

(Everpink x Kerstin) **Midseason** **\$ 5.00**

PLEASANT VALLEY 3Y-R (Colin Crotty, SI, NZ)

Perhaps the best show flower from this cross. Now well acclimatized. Many best in show Awards including the South Island, New Zealand National Show. Robust grower but limited stock. Beautiful. First time offered in USA.

Achduart x Trudie May **Midseason** **\$ 24.00**

POCKET CHANGE 1Y-Y (Dr. John Reed, USA)

I have been reluctant to offer this because it has grown much larger from when it was selected. A better name might be Big Bucks. Tall, strong and smooth. Offered at a lower price to encourage trying it. Was Reed Seedling 90-35-1.

(Celtic Gold x Dream Prince) **Midseason** **\$ 8.00**

POET'S WAY 9 W-GYR (Tom Bloomer, N Ire, UK)

Tom's best poet and an excellent flower for show and garden.

Smyrna x Lough Areema **Late season** **\$ 4.00**

POLAR GLOW 2W-PPW (John Hunter, NI, NZ)**Withdrawn****POLAR SKY 2W-WWP (John Hunter, NI, NZ)**

A vigorous show bloom. Rarely offered. Needs water and wind protections for best blooms here. DaffSeek.

(Leonaine x seedling) **Midseason** **\$ 10.00**

PRINCE MAJESTIC 1 Y-O (Peter DK Ramsay, NI,NZ)

Peters best 1 Y-O with a very flat perianth. color is variable here. Small Stock

Lea 2-7-75 x Roughie **Midseason** **\$ 12.00**

PROCYON 1 Y-Y (John A Hunter, SI,NZ)

Older all yellow show flower from John Hunter; consistent.

Moon River x Camelot **Midseason** **\$ 5.00**

QUANTUM LEAP 10-R (Dr. John Reed, USA)

When this first flowered I was amazed to see its Altruist-like coppery petals. While I have never seen that copper color again the petals do show a reasonable light orange flushing and the big trumpet has intensified in color. Jason Delany has insisted that I should code it as red, not orange. This change has been made. It has tall stems that show some arching. It is fertile both ways and has been retained for breeding. It has given orange trumpet seedlings with Flusher. Was Seedling 94-15-2.

(American Revolution x Corbiere) **Early Midseason** **\$12.00**

QUEEN'S GUARD 1W-Y (B.S. Duncan, N. IRE,UK)**Withdrawn****QUIET WATERS 1W-W (John Pearson, ENG,UK)**

One of a few outstanding white trumpets for show. It has a very round form with overlapping perianth segments held on strong stems with excellent poise. Healthy here.

(Stoke Charity x Panache) **Late Midseason** **\$ 10.00**

QUICKFIRE 2Y-YOO (John Hunter, SI,NZ)**Withdrawn**

RAMALLAH 1Y-Y (Dr. John Reed, USA)

Every bloom is fit to show. The blooms show just above the leaf tips with lasting power on the stem. Chosen to honor a fellow physician, Dr. Salous from Palestine. This is the name of his home town. A well balanced, pleasant show bloom. See photo on Daffnet from the Chicago 2013 show. Was Reed 93-1-23.

(Celtic Gold x Dream Prince) **Early Midseason** **\$ 14.00**

RANSOM 4YYW-P (David Jackson, Tas, AUS)

Withdrawn

RED ENVY 2W-R (Dr. John Reed, USA)

Because of Culmination's tall stem I used it almost exclusively in my early 2W-R crosses. After seeing Catalyst, I started using Magician more. Red Envy is the best from this cross for me. Much like Catalyst as the seed parent, it too is seed sterile here. The flower is a little brighter red. The flower usually lasts 5-6 days longer than Catalyst and is more rot resistant so far! It can be shown and has a strong, short neck with bright color that is non-fading. Was Seedling 95-14-1.

(Decoy x Magician) **Early Midseason** **\$11.00**

REFRAIN 2W-P (Grant E Mitsch, USA)

Withdrawn

RIVER CROSSING 3W-Y (Dr. John Reed, USA)

From a cross to develop a 3W-P comes a vigorous high quality 3W-Y. Greatly admired by Cynthia Haeffner. Stock is ample and every bloom can be shown. Parentage is similar to the pollen parent of Brooke Ager. Named for a new foot bridge at my alma mater that crosses the St. Joseph River between the school I.U.S.B and its first ever student housing. Was Reed 81-123-1.

(Coral Light x My Word) **Late Midseason** **\$ 6.00**

RED PASSION 2W-R (Dr. John Reed, USA)

These flowers stand tall on strong stems with excellent poise. The overlapping petals give a round appearance and the bowl shaped cup is a nice shade of bright red. This is my best show quality early red-pink to date. On seeing it one can understand how it got its name! Was Reed 98-179-1. Listed again as it has increased well.

[88-93-5 (Evan's W2 x Magician) x Celestial Flame] **Midseason** **\$24.00**

RHEBAN RED 2Y-O (J.M. Radcliff, Tas, AUS)

Withdrawn

ROCKNE 2Y-Y (Dr. John Reed, USA)

Knute Rockne was the most outstanding football coach that the University of Notre Dame ever had. I grew up in the shadow of the school's Golden Dome. I have had the pleasure to work with one of his nieces, Josephine Copeland and this flower has been named to honor her and her family. A very imposing late all yellow of the highest show quality. The massive, overlapping major petals make this a division 2 instead of a 1. One of the finest late midseason all-yellow daffodils for show and garden. Was Reed 85-7-3.

(Golden Jewel x Dream Prince) **Late Midseason** **\$ 9.00**

RORY'S GLEN 2O-O (Carcairn Daffodils, N. IRE, UK)

Really brightly colored all orange show flower with tall stems and flat perianth. Excellent breeder. Can be susceptible to rot.

(Bunclody x Fireraiser) **Midseason** **\$ 5.00**

ROSE LAKE 2W-P (Grant E. Mitsch, USA)

For show and garden. Vigorous.

[(Easter Moon x Cool Flame) x Pink Silk]

Midseason **\$ 4.00**

ROSEVINE 3Y-WPP (John Pearson, ENG, UK)

Best available show quality 3Y-P. Good breeder and healthy.

(Eastermoon x Seedling) **Late Midseason** **\$ 6.00**

ROYAL MARINE 2W-YOO (J. Lea, ENG, UK)

Outstanding for show and garden. Tall stems. Vigorous.

(Colly Gate x Ibberton) **Midseason** **\$ 4.00**

RUBY RED 2W-R (Dr. John Reed, USA)

The name says it all. Inspired by Dorothy's slippers in the Wizard of Oz and the intense color that is easily visible at a distance, a brilliant ruby-red. Vigorous, rot resistant and somewhat rough, it is passing this color on to its seedlings. Some of these with Culmination have a warm pink perianth. Good stock due to retention for breeding, giving 2 Y-Ps, too. Far better stem and poise than Spaceship. This is the parent of Millennium Red. Was Reed seedling 81-176-1.

(Spaceship x Duncan seedling) **Late Midseason** **\$ 4.00**

RUNAWAY 2 Y-O (David Jackson, Tas, AUS)

Well formed tall scarce show flower.

Kopi x Tia**Midseason****\$ 9.00****SABINE HAY 30-O (D. Milne, ENG,UK)**

The most fantastically self-colored exhibition flower available. The tall stems support a well-rounded perianth of orange and a deeper colored cup. Protect from the sun!

(Seedling x Seedling)**Late Midseason****\$ 4.00 or 3/\$ 10.00****SAMSARA 3Y-YRR (Clive Postles, ENG,UK)**

A very smooth but usually paler show flower here. It breeds very smooth show blooms.

(Achduart x Stanway)**Late Midseason****\$ 5.00****SANDYCOVE 2Y-GWP (B.S. Duncan, N. IRE,UK)**

A vigorous show flower and breeder. The perianth opens white and quickly transitions to yellow. Excellent breeder. Almost a division 3.

(Pismo Beach x High Society)**Late Season****\$ 5.00****SATCHMO 1YYW-W (A.J.R. Pearson, Eng, UK)****Withdrawn****SHEELAGH ROWAN 2W-W (John Pearson, ENG,UK)**

Many show awards in the United Kingdom, for this outstanding, very white daffodil. With strong stems, excellent poise and smooth petals with great overlap.

(Stoke Charity x Panache)**Late Season****\$ 8.00****SHIPSHEWANA 3Y-Y (Dr. John Reed, USA)**

One of the first generation progeny from Haunting to be named. It is a very strong growing quality show flower. Very smooth. Every bloom is fit to show and also grows well in the garden. Named for a local Amish community in Indiana. Was Reed Seedling 99-24-2.

(Getaway x Haunting)**Late Midseason****\$ 30.00****SCRUMPTIOUS 2W-P (Dr. John Reed, USA)****Withdrawn****SIMPLY STUNNING 1Y-Y (Dr. John Reed, USA)**

Combining the size of Arkle and the smoothness of Dream Prince, this flower took Spud Brogden's eye when it was at the National Show. Its stem is strong with a good upward presentation. It is a slow increaser but healthy and a good parent. It was the only selection kept of 2 years of crosses. Finally released but the stock is still small. Was Reed seedling 90-12- 1.

(Arkle x Dream Prince)**Midseason****\$ 16.00****SITTING BULL 1Y-R(Dr. John Reed, USA)****Withdrawn****SMOKEY BEAR 4Y-O (B.S. Duncan, N Ire,UK)****Withdrawn****SMOOTH TRUMPET 1W-Y (Charles, Wheatly, USA)**

Its name says it all. The wide, white, overlapping petals are very smooth. The light-yellow trumpet is long and elegantly shaped. Poise, stem and neck are excellent. It is still very rare. I have been building up my stock for over 10 years. A show flower of the highest caliber. Small stock.

(Breeding unknown)**Midseason****\$ 15.00****SOME FIRE 4W-O (Colin Crotty, SI, N Zealand)****Withdrawn****SOPRANO 2W-GPP (B.S. Duncan, N. Ire, UK)****Withdrawn****SPRING BOUQUET 2 Y-P (R & Havens, USA)**

Almost a full trumpet with a ruffled corona. Strong stems support large flowers with well over lapping lemon yellow perianth segments. Strong neck, color variable but can be deep peach pink at times. Vigorous. Was seedling W H 27/7

Lorikeet x Magician**Midseason****\$ 9.00****STELLAR DREAM 2 W-YYP (David Adams, SI, NZ)**

One of David's best show flowers.

Easter Moon x Melancholy**Midseason****\$ 7.00**

STOKE CHARITY 2W-W (John Pearson, ENG,UK)

John's breeder for his white daffodils. It has very smooth overlapping petals on tall strong stems, with excellent poise. Scarce
(Easter Moon x Rashee) **Midseason** **\$ 8.00**

STRAWBERRY SHORTCAKE 3W-P (Dr. John Reed, USA)

My first division 3W-P of good quality, and it breeds well. Color varies from reddish to pale pink. For show and garden.
Fertile. Was 84-171-1.

(Pismo Beach x Everpink) **Late Midseason** **\$ 8.00**

SUCH FUN 2 W-WY (Colin Crotty, SI, NZ)

A very round flower with smooth overlapping perianth segments. Good show flower.

Sunchild x Spot On **Midseason** **\$ 9.00**

SUGAR & SPICE 3 W-YYO (A.J.R. Pearson, ENG,UK)

Superb show flower. Strong grower.

Dell Chapel x Corozel **Late Midseason** **\$ 12.00**

SUN GEM 2 YYW-W (Grant E Mitsch, USA)

Scarce, smaller flower for show. Intermediate size here.

Seedling O.P **Late Midseason** **\$ 15.00**

SUPER HERO 2W-R (Dr. John Reed, USA)

A proven parent and good **garden** flower with strong tall stems that consistently hold well-colored large blooms. In 2006 its offspring gave me the largest and best formed strong red colored division 2 seedling of trumpet character that I have seen. This seedling is truly a Super Hero. Was Reed 92-170-1.

(Ken's Favorite x Magician) **Late Midseason** **\$ 5.00**

TABOR HILL 2W-P(O) (Dr. John Reed, USA)

Displaying outstanding show form and it has a unique orangish-pink cup color. This attractive corona has a slightly rolled lip. It has been very healthy and is increasing well. Fertile both ways. Other pinks with orange hues are coming on here and are being bred with it, including a full trumpet from red-pink breeding. In the tradition of its seed parent, it is named for a local southwestern Michigan winery. Rated highly by several ADS judges. See the photo in DaffSeek.

(Cabernet x Verran Rose) **Midseason** **\$ 18.00**

TANAGER LANE 8W-O (Dr. John Reed, USA)

Withdrawn

TANGERINE DELIGHT 1W-O (Dr. John Reed, USA)

First flowering in 2004, it was an eagerly awaited outcome from my 25 year effort to breed strong vigorous show quality white orange trumpets in my climate. This cross gave many nice flowers in division 1 and 2 but Tangerine Delight is the best. It is well-formed, has large flowers that are held on strong tall stems with excellent poise. The overlapping flat perianth segments are very white and its flared trumpet is a delightful shade of tangerine orange. Jason Delaney's photos taken in 80 degree heat says it all. Great!! Fertile both ways. Stock is still small with only 3 or 4 to go this year. Was 98-32-2.

(Orange Tint x Lutana) **Early Midseason** **\$ 42.00**

TANZEY GIRL 2W-OOY (Spud Brogden,NI, NZ)

One of the most outstanding daffodils grown at Oakwood with vigor, health, tall stems and color. An excellent breeder and very distinctive too.

[(Motif x Avenger) x Crimpeline] **Late Midseason** **\$ 8.00**

TARNISHED GOLD 2Y-Y (Dr. John Reed, USA)

Until I first saw this daffodil in flower in 1990 the word golden daffodils could only conger up an intense yellow bloom. But this flower truly is a golden color hence its name. Planted adjacent to Goldfinger for a few years it made that flower seem pale! Would be a trumpet except for its huge perianth inherited from Gold Convention. Breeding deeper color. Can be shown. Formerly Reed 83-36-1.

(Temple Gold x Gold Convention) **Midseason** **\$ 7.00**

TEMPLE FLARE 2 W-PRR (Colin Crotty,NI, NZ)

Very well colored for garden and show at times.

Accent x Cherryrim **Midseason** **\$ 14.00**

TERMINATOR 2 W-Y (Davis Jackson, Tas,AUS)

Robust, strong growing large exhibition daffodils. Many best in show awards including 3 years ago at the ADS National. Better blooms are obtained when well-watered and wind protected.

Seedling 15/89 **Early-Midseason** **\$ 7.00**

THREE OAKS 1W-Y (Dr. John Reed, USA)

A very consistent show flower and breeder of the highest quality. with a smooth overlapping perianth that has a light yellow corona. An awesome breeder and show flower. Was Seedling 89-21-1.

(Bravoure x Pops Legacy) **Midseason** **\$ 10.00**

THRICE 11a W-P (Grant E. Mitsch, USA)

For show and garden. Corona splits evenly over the petals.

Decoy x Mission Impossible **Midseason** **\$ 12.00**

THUNDER ROLL 1Y-R (Dr. John Reed, USA)

Withdrawn

TAVEL 1W-GPP (J. Gerritsen and Son, HOL)

A vigorous, really pretty pink trumpet. Primarily for garden. Free flowering here from bulbs down 24 years here. Strong stems hold blooms well above the leaves. Petals overlap well. Alpine Glow is probably the pollen parent. Flowers are large.

(Pink Beauty x Seedling) **Midseason** **\$10.00**

TROPICAL HEAT 2Y-R (B. S. Duncan, N. IRE,UK)

An outstanding, well-colored smooth show flower. Scarce.

[Garden News x (Bunclody x Barnesdale Wood)] **Late Season** **\$ 6.00**

TRUMPET WARRIOR 1YYW-WWY (Grant E. Mitsch, USA)

For garden and show with tall stems, and excellent flowers. Poise is very good, too.

(Chiloquin x Arctic Gold) **Midseason** **\$ 4.00**

TURK 1Y-O (Dr. John Reed, USA)

Very scarce, slow grower. Very smooth and its color can be strong. Great breeder. Was Seedling 81-30-7.

(Larch Mountain x Sutton Court) **Early Midseason** **\$ 12.00**

TUSCORORA 1Y-Y (Dr. William Bender, USA)

Withdrawn

TWISTER 11a Y-Y (Colin Crotty, SI, NZ)

Large deeply colored for show or garden.

Gold Phantom OP **Late Midseason** **\$ 9.00**

VALEDICTION 3W-GWW (Helen Richardson, Ire)

Withdrawn

VALLEY DREAM 2 W-P (Colin Crotty, NZ)

Well colored, dramatic in the garden.

Cherryrim x Eclat **Midseason** **\$ 6.00**

VALLEY MOON 1YYW-Y (Colin Crotty, SI,NZ)

I'm attracted to very pale yellow flowers and this is one of the best I've seen. For practical purposes there is no white halo seen here. Very large blooms are held on strong stems with excellent poise! A wide smooth flat perianth graces a tubular trumpet that expands at its opening. Great Flower!!

(Breeding unknown) **Midseason** **\$ 18.00**

VALLEY SUN 2 W-Y (Colin Crotty, SI,NZ)

Deeply colored expanding large corona with some staining of the perianth.

Irish Mist x Dunmurry **Late Midseason** **\$ 8.00**

VERA ROBBINS 3W-GWW (Dr. John Reed, USA)

Named for my wonderful mother-in-law. This is my best show 3W-W. Very round blooms are held high on tall stems. A healthy plant. Was Reed seedling 85-100-2.

(Verona x Achnasheen) **Early Late Season** **\$ 8.00**

VERDANT MEADOW 3 W-GWW (Grant E Mitsch, USA)

A beautiful ADS Intermediate. Slightly yellow corona fades to white as it ages.

Dallas x Delightful

Late Season

\$ 8.00

VERNAL PRINCE 3W-GYY (Tom Bloomer, N. Ire, UK)

Brilliantly colored with tall stems and excellent poise. Great for show and garden.

Shantallow x Woodland Prince

Late Midseason

\$ 5.00

VICKIE LINN 6Y-P (Dr. John Reed, USA)

Withdrawn

WAHKEENA 2W-Y (Murray Evans, USA)

ADS Classics, large strong flower for garden and show; scarce.

Polindra x Frolic

Mid-Season

\$ 5.00

WARM DAY 2O-O (Carncairn Daffodils, N. Ire, UK)

An intensely colored intermediate with strong, tall stems.

(Stylish x Rory's Glen)

Midseason

\$ 6.00

WAYNE'S WORLD 6Y-O (Dr. John Reed, USA)

Withdrawn

WEBER'S ELECTRIC 2Y-R (Dr. John Reed, USA)

Withdrawn

WESTMINSTER PINK 2W-P (Dr. John Reed, USA)

This flower was in bloom in April when the royal wedding took place in Westminster Abbey. It was named to honor that event. Grown for many seasons, it consistently has given good-sized blooms on tall strong stems with excellent smooth, overlapping petals of pure white and a trumpet shaped cup of a pure light pink. Was Reed seedling 93-20-1.

(Breeding unknown)

Early Midseason

\$8.00

WINDY CITY 1W-Y (Dr. John Reed, USA)

Withdrawn

WOW! 2Y-Y (Dr. John Reed, USA)

The name says it all! That is exactly what I said when I first saw it in bloom and the name has stuck (all the letters are capitalized!) Though of trumpet character, it measures division 2. Its overlapping petals are very wide, smooth and very flat in the same plane and very consistent. A slow increaser. Its offspring are showing its best characteristics, especially those crossed with Millennium Perfection. Was Reed seedling 93-18-1.

(Goldfinger x Dream Prince)

Early Midseason

\$ 50.00

WYONG 2W-Y (D Jackson, Tas, AUS)

One of the Jacksons' finest daffodils. Very large on strong stems. Passing its best quality's on to its offspring.

(Jackson 36/83 x 43/86)

Early Midseason

\$ 22.00

YELLOW IVORY 2Y-Y (Dr. John Reed, USA)

A super smooth show flower. It was awarded a best in show for Kirby Fong, in its first year with him. Very pale long yellow corona sits against a light ivory perianth. Very healthy. Was Reed seedling 92-71-1.

(Memento x Nanushca)

Early Midseason

\$ 10.00

YELLOW SATIN 2Y-Y (Dr. John Reed, USA)

A tall, large outstanding show flower with a name that says it all. The petals overlap but not massive. A refined, slower growing but healthy cultivar. Small stock yet. Was Reed 83-6-1.

(Meldrum x Gold Convention)

Midseason

\$ 8.00

YELLOW XIT 3 W-Y (Alec Gray, UK)

ADS miniature well formed with a saucer shaped light yellow cup. Stem is operate for flower size.

Xit x O.P

Late-Midseason

\$ 7.00

ZOMBIE 11a W-Y (David Jackson, Tas, AUS)

Very large, impressive blooms for garden and show. Supported on strong stems.

Jackson 116/77 x Dally Mollinger

Midseason

\$ 14.00

**ROYAL HORTICULTURAL SOCIETY
SYSTEM OF DAFFODIL CLASSIFICATION**

The classification of daffodils has changed many times over the years. The present system combines the RHS classification of thirteen divisions based on form and species heritage with Dr. Throckmorton's color coding from the American Daffodil Society. This combined system gives us a very useful tool for describing daffodils quickly. A single letter denotes a color and its appropriate location as found in the flower, first in the perianth and then in the corona. W=White Y=Yellow G=Green O=Orange R=Red P=Pink

For example: Arctic Gold is classified as a 1Y-Y. It is a trumpet daffodil with yellow petals and a yellow corona. Misty Glen is classified as a 2W-GWW. It is a large-cupped daffodil with white petals and a green-eyed white cup. First Born classified as a 6Y-GYP. It is a cyclamineus hybrid with swept-back, yellow petals and the corona has a greenish eye with a small transition of light yellow going to a deep pink color extending to the edge of the cup.

- | | |
|-------------|--|
| Division 1 | Trumpet Daffodils: The trumpet (corona) is equal to, or longer than, the petal (perianth) segments. |
| Division 2 | Large-Cupped Daffodils: The cup (corona) is less than the length of the petals (perianth) but more than a third. |
| Division 3 | Small-Cupped Daffodils: The cup (corona) is equal to, or less than a third, of the petal (perianth) length. |
| Division 4 | Double Daffodils: This division is for all forms of double flowers where there is more than one set of petal or coronal segments, or both. |
| Division 5 | Triandrus Daffodils: hybrid daffodils that predominate with <i>N. triandrus</i> characteristics. |
| Division 6 | Cyclamineus Daffodils: hybrid daffodils that predominate with <i>N. cyclamineus</i> characteristics. |
| Division 7 | Jonquilla Daffodils: hybrid daffodils that predominate with <i>N. jonquilla</i> characteristics. |
| Division 8 | Tazetta Daffodils: hybrid daffodils that predominate with <i>N. tazetta</i> characteristics. The stems usually will have multiple flowers. Also known as poetaz daffodils. |
| Division 9 | Poeticus Daffodils: hybrid daffodils that predominate with <i>N. poeticus</i> characteristics. |
| Division 10 | Bulbocodium Daffodils: hybrid daffodils that predominate with <i>N. bulbocodium</i> characteristics. |
| Division 11 | Split-corona Daffodils: the cup (corona) that is split for more than a half of its length. This division has two subdivisions: |
| 11a: | Collar Daffodils have the corona segments opposite to the perianth segments. |
| 11b: | Papillion Daffodils have the corona segments alternating to the perianth segments |
| Division 12 | Miscellaneous Daffodils: those that cannot be classified within the preceding divisions. |

Division 13 Species Daffodils: those distinguished solely by botanical name—the wild ones.

LARRY WIER'S DAFFODILS 2016

My daffodil friend, Larry Wier, who has been breeding and selecting seedlings for 20 years, offers the following introductions. His standards are very high and you can be sure that his flowers are superior, distinctive, and healthy. He has acquired some of Charles Wheatley's stocks and is introducing them, as well. **I'm adding a five dollar flat rate fee for shipping as the costs keep going up.**

THE BULBS LISTED BELOW ARE FROM LARRY. ORDERS FOR THEM AND PAYMENT BY CHECK SHOULD GO TO LARRY WIER, 13469 NORTH MAIN ROAD, BUCHANAN, MI 49107-9149, USA. Larry's phone is: (269) 695-6486.

ANIMAL CRACKERS 2YYW-WWY (Larry Wier, USA)

This name was chosen from the Marx Brothers as only they would mix sweets and liquor, the parents of this beautiful bloom. The perianth segments are very round and large. The medium sized cup expands slightly to the mouth where it is flanged. As with most reverses, it opens all yellow and takes time to mature with the small yellow rim. A show flower. Was seedling 88-2. Resists rot well so far.

(Lemon Candy x Gin and Lime) Midseason \$10.00

ELEGANT TOUCH 2W-W (Larry Wier, USA) WITHDRAWN

FLASHPOINT 1W-P (Larry Wier, USA)

The white perianth with ovate segments of good substance are the background for a trumpet that tapers gradually making for a more massive corona. This trumpet is darker pink inside and has a fairly heavy frill at the mouth. A climate milder than Michigan's will result in bigger and better colored flowers. A vigorous grower here (This was the "flash point" that Larry needed to start registering his daffodils. Almost a red-pink in the best of years—JR)

(Magician x Melancholy) Midseason \$ 10.00

MAKER'S MARK 1Y-O (Larry Wier, USA)

This is Larry's most successful cross so far to get a better colored show flower here in the orange trumpets. The strong yellow color of the overlapping perianth is a good foil to the cylindrical shaped corona with little expansion of the trumpet. The perianth is not starry nor widely overlapping but very pleasing. The stems are tall and strong with bulbs having good increase. Breeding both 1 and 2 Y-Os. A well-grown specimen won the Single Bloom 1 Y-O class at the National ADS Show in St. Louis, beating Magic Lantern. Was Wier 87-1. Proving to be a good parent for Peter Ramsay.

(Glenfarclas x Trumpet Call) Midseason \$ 7.00 or 3 for \$15.00

MERLIN'S PAL 3W-YYO (Charles Wheatly, USA)

This flower is another tribute to Charlie's breeding skill. Blossoms are quite large, bigger than both parents. Tall flower stems in the field makes these bright showy blossoms easy to find. This division 3 small cup has size and beauty to spare. Was seedling 89-98-1.

(Merlin x Palmyra) Midseason \$ 12.00

MINERAL WELLS (previously WINTER MOON) 1W-Y (Larry Wier, USA)

This white perianth is quite rounded with spade-shaped segments (no double triangles here). The medium bright lemon trumpet has length to spare making for a good bicolor blossom. The corona is more narrow than average with a frill at the mouth. Color has been good in Michigan's climate. Was Seedling # 89-3

(Tudor Dance x Helsal) Midseason \$ 9.00

N. assoanus (13Y-Y)

A species from Southern France and Eastern Spain that grows in limestone areas. Flowers are 1-3 in number on 10-12 stems. These are pot grown in heavy grit with a limey pH. This is the first of the jonquilla group to flower, mid-late season in Michigan. Blossoms are fragrant and well-formed despite Michigan's climate. Unknown as to how many will be available.

Mid/late season \$ 20.00

OUTER RIM 1W-W (Larry Wier, USA)

This flower has inherited the best characteristics of both of its parents. Especially a true and pure white color. Inner petals are spade shaped and almost touching. The trumpet is expanding to a moderate flange that is slightly frilled. Is stocky in overall shape. This blossom was the real star of seven selections form this cross. Seedling number 91-4. Name is pending.

(Pitchroy x Lady Slim) Midseason \$ 10.00

PINK SUNDAY 2W-P (Charles Wheatly, USA)

The red-pink color of this bowl-shaped cup against the rounded and wide petaled perianth of this flower is its major attraction. Refrain as the seed parent has provided form. Artful as the pollen parent has added to a beautiful cup color. (Was Seedling # 91-82-13).

(Refrain x Artful) Midseason \$ 10.00
